

Specification

6000VB Fuel Station

TECHNICAL INFORMATION

Diameter:	2547mm
Height:	2650mm
Capacity:	6000 litres
Approx Weight:	430 kilograms
Material:	Medium density polyethylene
UV Stabilised:	Yes
Fill:	2" BSP

PRODUCT DESCRIPTION

6000 litres bunded diesel tank. Ideal for re-fuelling machinery and vehicles.

SPECIFICATION

- ◇ 2" BSP fill connection c/w cap and chain
- ◇ Vent
- ◇ Watchman contents gauge
- ◇ Gas strut assisted flip lid for ease when opening the tank
- ◇ A cabinet to house all appropriate equipment.
- ◇ A submersible pump * 240 volt
- ◇ A digital flowmeter
- ◇ 4 metres of delivery hose and automatic shut off nozzle
- ◇ 10 micron filtration
- ◇ Nozzle holster
- ◇ Bund / overfill alarm *240 volt
- ◇ Overfill prevention valve

OPTIONAL EXTRAS

- ◇ Fire protection - Tuffa UK has pioneered the fire protected oil tank, and developed a patented high quality fire retardant material mounted between the primary tank and outer layer of the tank. This approach has been tested and certified to BS476 to give at least 30 and 60 minutes protection by Warrington Fire Research Centre (now Bodycote Global) and is suitable for both domestic and commercial applications.
- ◇ Extra length delivery hose
- ◇ A light within the cabinet
- ◇ Higher accuracy contents gauge *240 volt
- ◇ Hose reel – various lengths
- ◇ Higher output pump
- ◇ Key switch – to enable and disable the pump
- ◇ Armco protection barrier
- ◇ Fuel management - The MC Box security system protects tanks from unauthorised use by only allowing approved users to access fuel through the use of pin numbers or keys. Many users storing fuel (usually worth tens of thousands of pounds) don't always need expensive Fuel Management Systems but would like the security features such a system would offer at a lower cost. In its basic form the MC Box provides these security features with the option for simple upgrades to full Fuel Management for those who require it.

Issued 01.12.08

Manufacturers of liquid storage tanks up to 100,000 litres.
