

RAINWATER HARVESTING

Helping you to save money on your water bills

1 Rainwater Filter Diverter

The filter diverts the water from the rooftop into the storage tank, as the water passes through the unit it removes dirt and debris.

2 Calmed Inlet

The calmed inlet introduces water to the tank from the bottom up allowing oxygenated water to enter the tank which keeps the existing water from stagnating.

3 Overflow Siphon

The siphon prevents the tank from overflowing diverting any excess water to drainage whilst removing pollen from the water surface keeping it clean.

4 Submersible Pump

A variety of pumps can be used both manually and automatically so the water harvested can be utilised in a process.

Rainwater Harvesting is the process where by you collect rainwater from rooftops which is stored in tanks to then be used in a variety of processes both manual and automatic.

1350SLRWH
Length: 2100mm
Width: 650mm
Height: 1250mm
Capacity: 1350 litres
Weight: 75kg

1400VRWH
Diameter: 1210mm
Height: 1480mm
Capacity: 1400 litres
Weight: 60kg

2500HRWH
Length: 2105mm
Width: 1255mm
Height: 1410mm
Capacity: 2500 litres
Weight: 100kg

2500VRWH
Diameter: 1585mm
Height: 1780mm
Capacity: 2500 litres
Weight: 100kg

3500VRWH
Diameter: 1594mm
Height: 2360mm
Capacity: 3500 litres
Weight: 140kg

6000VRWH
Diameter: 2013mm
Height: 2295mm
Capacity: 6000 litres
Weight: 140kg

10000VRWH
Diameter: 2577mm
Height: 2450mm
Capacity: 10000 litres
Weight: 240kg

15000VRWH
Diameter: 2578mm
Height: 3390mm
Capacity: 15000 litres
Weight: 340kg

20000VRWH
Diameter: 2900mm
Height: 3580mm
Capacity: 20500 litres
Weight: 360kg

Specification

- Ventilation
- Rainwater Filter Diverter
- 4" Overflow Siphon
- Calmed Inlet
- 1350/1400/2500: Inspection Hatch
- 3500/6000/10000/15000/20000: 600mm Manway Access
- Colour: Black
- Tank Outlet

Optional Extras

- Multiple size Inlet and Outlet Connections
- Isolation Valves
- Interlinking Connections; to obtain larger capacities
- Pumping Units; Manual / Automated
- Gravity Feed Units
- Water Demand Control
- Water Level Indicators and Alarms
